## *Denmark Edition*

STUNNING best describes our jaw-dropping trip to Denmark on Pentecost weekend.

We ministered in Copenhagen Friday night, Saturday afternoon and Saturday night, and Sunday night. We went south to Nykobing on Sunday morning to a spiritually “desperate” congregation that never had a visiting minister.

During all six sessions in Denmark we focused on *Living under an Open Heaven* and *The Power of Blessing*.

*In the last days, God says, that I will pour out My Spirit on all people.  
Your sons and daughters will prophesy (Acts 2:17).*

The anointing has never been stronger on Linda as she prophesied and blessed more than 100 people during the weekend, one at a time! “The Lord is here to heal people with sleep disorders,” Linda said during the first meeting. One man battling this condition was touched by Christ the Healer and slept eight hours the next night, his first in 50 years!

Although Danish people are very reserved, many stood to bless someone in the group during the Saturday afternoon sessions. “During my 15 years at this church, I have never seen anything like this,” one man told us.

A psychologist said the Saturday afternoon sessions on blessing changed her life forever. She discovered ways to bless and affirm people never before imagined.

Here are follow up comments from Copenhagen Pastor Joel Raburn:

*Our weekend was very special. The presence of God was so very strong that the Word began to grow rapidly in people. We really know that God used this weekend conference to put our church on higher ground...*

*Every day we hear comments and stories of what folks experienced over the weekend. Very exciting times, seeing what God is doing!*

During this remarkable trip to Denmark, we drew strength and inspiration from *your ministry to us* through your prayers, blessings, and financial support. You made this stunning trip among the Danish people possible.  
**Thank You!**

Our Love and Blessings,  
*Lynn & Linda Reddick*
